Subject: RE: Workshop Draft Meeting Summaries and other follow-up

Hi Claire, just looked over the draft BP Workshop # 1 and thought it looked good - - it has come together well. The only thought I have – really a question. On pg 2 I. d & e. what is the difference between these two – they seem very similar to me.

I'll look at the other documents and get back to you

Dru – the document I would most appreciate your review is the Draft Best Practice Workshop #1. You can turn off the tracked changes by selecting to review it in Final form, If it's easier you can also look at my printed copy of the final form, with my handwritten notes on what I had comments/questions about (which I then inserted in track changes, adding to the ones already there in the version they sent – but which I'm not attaching to this message).

Next on important is the Draft Best Practice Guiding Principles for WQT. And then the Workshop 2 Summary.

Thanks again !

Subject: Workshop #2 Draft Meeting Summary and other follow-up

Hi everyone,

Please find attached a few documents for your review, with associated review deadlines:

Workshop #2 Meeting Summary: This is intended to capture our discussion and will be posted online after comments are incorporated.	<u>Wed, July 3rd</u>
Workshop #1 Draft Best Practices: This version incorporates all comments received and tracks the changes made to address them. *** <u>These will be part of the Joint Regional Agreement</u> , so it is worth giving them a hard look. If it is easier to review a clean version, feel free to clear comments and changes.	<u>Fri, July 12th</u>

Guiding Principles: This document also incorporates comments and changes. The largest changes were made to make clear the relationship between these principles and the 2003 EPA policy. We have use direct quotes to clarify where we are overlapping with the policy, in contrast to where we are expanding to reflect the PNW context and experience of project partners.

Fri, July 12th

***This will also be part of the Joint Regional Agreement

I have also attached a revised version of the Discussion Guide for Ratios, Reserves, and Baselines that reflects your comments. A clean version will be included in meeting materials posted online today.

All documents are also posted on the [project website](#)

Best,
Carrie

P.S. Also, a quick reminder to send us state rules, regs, policies, and agreements involving confidentiality and FOIA by next Monday, 7/1.
